

DECLARED IT TO BE IDIOTIC

Lacey of Iowa, Who Was Beaten Last Fall, Opposed Xmas Holidays.

RETORT OF CHAMP CLARK

CALLS THE BLUFF OF MR. TAWNEY.

Washington, Dec. 19.—In the house today Representative Lacey of Iowa took a pronounced position in opposition to the adjournment of congress for the Christmas holidays, declaring that "it is idiotic for the house to adjourn and then jam all legislation through under whip and spur during the closing days."

The expression was called out in connection with the discussion of a resolution looking to an increase of the enrolling force of the house. Mr. Fitzgerald of New York had just concluded a speech in opposition to the resolution, in which he made a reply or had sharply criticized the mistakes in appropriation bills made at the close of the last session. Mr. Lacey declared that, owing to the policy of holding the principal work on the appropriation bills until the closing days of the session, the enrolling clerk had worked forty-eight hours in succession, and he contended that under such circumstances mistakes were to be expected.

Remark by Champ Clark.
Mr. Clark of Missouri declared that the "statement made by Mr. Lacey about the idiosyncrasy of the holidays was the most sensible thing he had said for the past twelve years."

Speaking of appropriation bills, Mr. Clark said he believed it would be a wise thing if a rule were adopted prohibiting the passage of any appropriation bill later than five days before the adjournment of congress. He thought "the unseemly jobs that creep into appropriation bills during the closing hours of congress would be eliminated by such a rule."

Mr. Tawney of Minnesota, chairman of the committee on appropriations, asked Mr. Clark to specify some of the "jobs" that had gotten into appropriation bills during the closing hours.

Will Furnish the Evidence.

"Well," replied Mr. Clark, "I will get some specific jobs and bring them in here for the gentleman's edification, and I will make a speech, too."

Charcoal Kills Bad Breath

Disagreeable Odor Arising from Indigestion or From Any Habit or Indulgence, Can Be Instantly Stopped.

Sample Package Mailed Free.

Other people notice your bad breath where you would not notice it at all. It is nauseating to other people, and it is a source of embarrassment to you. That is why Stuart's Charcoal Lozenges are so quick to stop all gases and odors of odorous foods, or gas from indigestion.

Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges in the first place stop for good all sour breath and belching of gas, and make your breath pure, fresh and sweet. Just after you've eaten. Then no one will turn his face away from you when you breathe or talk; your breath will be pure and fresh, and besides your food will taste so much better to you at your next meal. Just try it.

Charcoal does other wonderful things, too. It carries away from your stomach and intestines all the impurities there massed together and which causes the bad breath. Charcoal is a purifier as good as an absorbent.

Charcoal is now by far the best, most easy and mild laxative known. A whole boxful will do no harm. In fact, the more you take the better. Stuart's Charcoal Lozenges are made of pure willow charcoal and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless.

Get a new, pure, sweet breath, freshen your stomach for your next meal, and keep the intestines in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to test these little wonder workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have tried the sample, and been convinced, go to your druggist and get a 25c box of them. You'll feel better all over, more comfortable, and will at once send you by mail a sample package, free. Address F. A. Stuart Co., 20 Stuart Bldg., Marshall, Mich.

REGARDS CAT OUT OF BAG

Former Salt Laker Says Western Pacific Has Option on N., C. & O.

TO TAP SOUTHERN NEVADA

PERSISTENT REPORTS ARE AFFIRMED BY RELIABLE "TAG."

D. S. Taggart, familiarly known as "Tag" in Salt Lake, where for years he was connected with the district offices of the Hariman lines, is still distinguishing himself. He left Salt Lake to assume the responsibilities of a district agent for the Southern Pacific at Reno. He resigned that position to enter the mining field for himself. He has since been appointed secretary of the Nevada Commercial league.

Holds Big Option.
"Tag's" latest move is a whizzer. He announces that he has secured an option on the Nevada-California-Oregon railway for the sum of \$2,000,000. He says the option has been taken up for the Western Pacific, which will connect with the Sumpter Valley railroad, running from Baker City, Ore., and that this will be the line of the Western Pacific into Reno. He says the Nevada-California-Oregon line will connect with the Virginia & Truckee and by this method the Western Pacific is planning to tap Nevada's southern mining belt.

Wants Line in South.
T. F. Dunway, manager of the Nevada-California-Oregon railway, was seen in regard to this reported sale and said nothing definite had been done, adding negotiations have been on for some time. "Tag" has the friendship of every railroad man in Salt Lake and Utah and it reports coming from Nevada quote him correctly, he has made the first statement to be believed in connection with the Western Pacific's plans. There is no doubt that the Western Pacific is endeavoring to get its line into southern Nevada, and Salt Lake railroad men now begin to have faith in the persistent reports of the deals said to be now in the making.

(Special to The Herald.)
Washington, D. The statement shows that there are now existing vacancies of one cadet each which may be filled by Senators Dubois, Heyburn, Sutherland, Patterson and by Representatives Mondell, Brooks and Vanduser. Appointments to fill vacancies which will be created by graduation of next year's class may be made by Senators Heyburn, Smoot, Clark, Warren, Teller, Patterson and Representatives Hogg, Boyce and French. EXPERTS WILL COUNT BALLOTS

Over Three-quarters of a Million Votes Cast at Insurance Companies Election.

New York, Dec. 19.—The task of counting 785,000 ballots cast at the elections for trustees held yesterday by the New York and Mutual Life Insurance companies will begin probably early next week.

The board of inspectors of each company has secured the services of expert accountants who will have charge of the counting and tabulating of the votes. Separate accounting firms have been employed by the two companies. Before the actual work begins representatives of each of these firms will consult together with a view to perfecting a system for canvassing the votes.

Watchers for Both Sides.

When the count begins both sides will have regularly commissioned watchers present, and ballots and proxies which are considered fraudulent or illegal, will be duly challenged. Undoubtedly a large number of duplicate ballots have been cast inadvertently. Many policy-holders who have held in either company more than one policy have cast a vote on each policy, although only entitled to vote once. Many of the proxies are made out in foreign languages.

Result in Doubt.

The result of the elections still seems to be in doubt. Both the administration forces and the international policy-holders committee are declaring that they have been victorious in the two companies. The officers of the New York Life have not reduced a particle their estimate of a victory for the present management by a plurality of 100,000, and the administration of the Mutual estimates its plurality at 150,000.

The international policy-holders' committee, however, still lays claim to having carried the Mutual's election by from 7,500 to 15,000 votes and the New York Life by from 5,000 to 12,000.

Grandfather's Cure for Constipation

GREAT medicine,—the Sawbuck. Two hours a day sawing wood will keep anyone's Bowels regular.

No need of pills, Cathartics, Castor Oil, nor "Physic," if you'll only work the Sawbuck regularly.

Exercise is Nature's Cure for Constipation and,—a Ten-Mile walk will do, if you haven't got a wood-pile.

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, because,—there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles without work.

They don't Purge, Grip, nor "upset your Stomach," because they don't act like "Physics."

They don't flush out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Apertient Waters always do.

No—Cascarets strengthen and stimulate the Bowel Muscles, that line the Food passages and that tighten up when food touches them, thus driving the food to its finish.

A Cascaret acts on your Bowel Muscles as if you had just sawed a cord of wood, or walked ten miles.

Cascarets move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

The thin, flat, Ten-Cent Box is made to fit your Vest pocket, or "My Lady's" Purse. Druggists—10 Cents a Box.

Carry it constantly with you and take a Cascaret whenever you suspect you need one.

Be very careful to get the genuine made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."
